DETAILED ACTION

This Office Action is in response to Amendment filed 6/14/04.

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

2. Claim 10 is rejected under 35 U.S.C. 102(e) as being anticipated by Guzik (U.S. Pat. 6,229,304).

Regarding claim 10, Guzik discloses a fragment barricade (figures 8-10) comprising an elongate member 80, wherein the fragment barricade is positionable proximate a front side a drive between a cover 30' and a disc 14 so as to operatively prevent fragments a the disc from escaping from the front side of the drive (column 4, lines 13-18).

Allowable Subject Matter

3. Claims 1-9 and 11-14 are allowed.

Response to Arguments

4. Applicant's arguments with respect to claim 10 have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

5. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Nakazato et al (U.S. Pat. 6,421,311) discloses an optical disk apparatus; Soga et al (U.S. Pat. 5,793,729) discloses a CD/CD-ROM apparatus; Einhaus (U.S. Pat. 5,067,121) discloses a disc-record player.

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
